

Dining Services

FROM: Andrew Chandler, Supervisor of Dining Services
TO: BASD Families
DATE: 8/2/2017
SUBJECT: Dining Services Information

This message is for Bethlehem Area School District families regarding school meals. We now have several valuable websites you may use to complete free and reduced applications as well as online payments for the Dining Services Department:

For households who need assistance with free or reduced price breakfast and lunch benefits, an on-line application may be found on the web site <https://www.paschoolmeals.com>. This on-line application is the quickest way for your student to become eligible for free or reduced meal benefits. Assistance in accessing the online application can be provided by the Dining Service Department or we can accept a paper application if necessary. Paper applications can be found at: <https://bethlehemareasd.sodexomyway.com>. When you arrive at the site, please hit the meal assistance tab. Paper applications are also available through the main office at each school. Please only complete 1 application per household. Please also note applications for the 17-18 school year cannot be completed until after July, 1 2016. When you are approved for free/reduced benefits, you are able to use these benefits for both breakfast and lunch in all schools.

You will receive a letter updating your status for the 17-18 school year once your application has been processed. If no application is needed for your student(s) you will also receive a letter and no further action is necessary.

The web site: <http://www.schoolcafe.com> allows parents to make online payment deposits to a student's meal account for use in all BASD schools. If you have not previously registered, you will need your child's full student ID number. If you need the student ID number or assistance with the site, please call Dining Service direct.

The Dining Services office can be reached at 610-861-8135 for any assistance. Thank you for your attention with this matter.
